ZKBio Partner

Brief Introduction

ZKBio Partner is a digital marketing and service platform tailored for ZKTeco Group's global partners. It is designed to centralize and simplify access to key resources, helping users save time and improve efficiency. With ZKBio Partner, you can easily access:

- **Product:**
Browse comprehensive product categories with high-resolution images, detailed specifications, and related accessories.
- **Solution Library:**
Discover solutions organized by scenario and function, with one-click access to detailed descriptions.
- **Customer Case Library:**
Explore successful case studies, including project locations and implementation details.
- **FAQ Center:**
Find quick answers to common technical and product-related questions.
- **News & Information:**
Stay up-to-date with brand updates, industry trends, and event highlights.
- **Video Hub:**
Enjoy a TikTok-style video experience with content such as unboxing, tutorials, and highlights.

ZKBio Partner expects to be your most useful digital assistant, improving your work efficiency.

Core Benefits of Using ZKBio Partner

Efficient Information Access

- Unified database accessible from your mobile device
- Instant updates for products, solutions, and news
- Powerful search with one-click resource downloads
- All product materials in a single, organized platform

Seamless Sharing & Collaboration

- Instant sharing capabilities for all materials
- Smart indexing for quick information retrieval
- Browser-friendly viewing for all shared content
- Direct links for customer communication

Ready-to-Use Marketing Content

- Ready-to-use social media content
- Up-to-date promotional videos
- Fresh industry news and updates

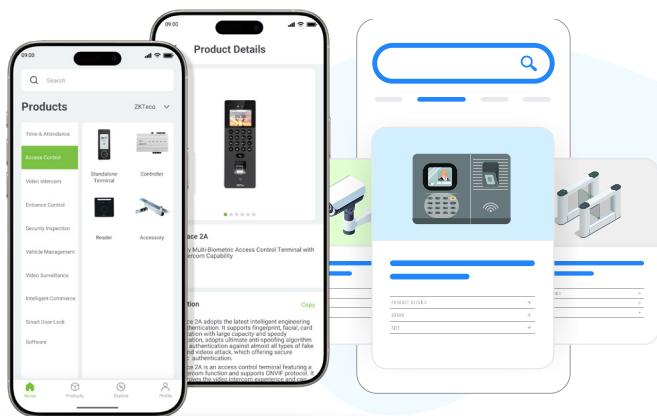

Highlighted Features

Instant Product Lookup

Easily search for ZKTeco products using keywords, categories, or product models. Each product listing includes:

- High-resolution images
- Detailed specifications
- Datasheets, user manuals, and quick-use guides

Share these resources instantly with clients to enhance communication, streamline decision-making, and project professionalism.

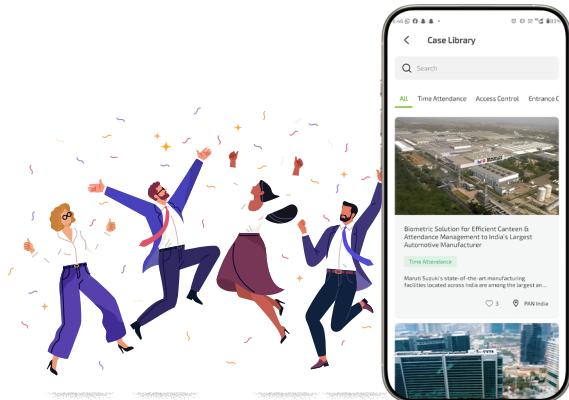

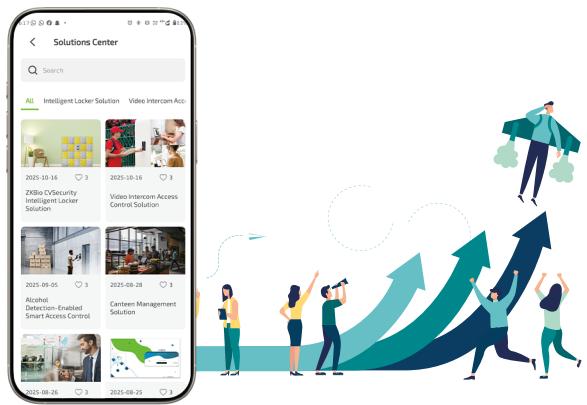

One-Stop Solution

• Latest Solutions:

Quickly find industry-specific scenarios with the Solutions Index. View detailed solutions, zoom in on images, and download attachments.

• Comprehensive Attachments:

Instantly access and share solution guides, product specifications, and datasheets. This feature helps you deliver accurate and timely solutions, increasing customer satisfaction and confidence.

Client Success Stories

Showcase ZKTeco's proven capabilities with detailed case studies of successful projects, including:

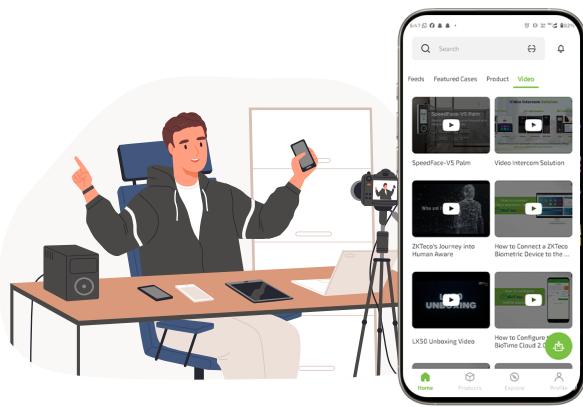

- Project locations
- Solution details
- Products used and quantities required

Use these real-world examples to build trust with clients, highlight ZKTeco's value, and strengthen your position as a reliable advisor.

Quick FAQ Access

Instantly resolve customer queries with a comprehensive knowledge base:

- Effortless Troubleshooting:**
Quickly find precise answers to frequent technical questions.
- Consistent & Accurate:**
Ensure reliable, up-to-date responses across all support channels.
- AI-Powered Support:**
Integrate FAQs with AI chatbots for instant, automated customer assistance. This feature streamlines support workflows, boosts efficiency, and enhances client satisfaction.

Massive Video Library

Discover an engaging video stream designed for easy learning and sharing. Watch and share short videos, including:

- Product unboxing
- Installation guides
- Operation tutorials
- Event highlights

Swipe through an ever-refreshing library, making visual demonstrations simple and effective. This feature is perfect for showcasing ZKTeco products and keeping clients excited and informed.

An illustration of a smartphone displaying the ZKTeco app interface. The screen shows a 'Hello, ZKer' greeting, a banner for being selected as a top 50 global security brand, and sections for 'Application Center' (FAQ, Case Library, Solutions, Marketing Materials, Quotations, Service Map, Support), 'Hot Products' (All-In-One Security Solution), and 'Hot Solutions'.
